The Honorable Richard G. Andrews  
United States District Court  
District of Delaware

RE: Civ. No. 12-1120-RGA

Dear Judge Andrews:

This letter accompanies a joint proposed amended scheduling order filed in the above-captioned case. The prior scheduling order included a trial date, but the parties have exchanged settlement proposals and are making progress, and therefore ask the Court to move the trial date to one consistent with the proposed scheduling order, or to leave the trial date open as the parties continue to exchange proposals and attempt to resolve the case or at least minimize the number of issues for trial.

Sincerely,

RatnerPrestia
